

Surrey Association of Cricket Officials

County Scorers' Officer Annual Report 2018

It is a delight to be able to provide you with a report of scorers' information for the 2017-18 year, my second in post.

I was able to assist with a few appointments during 2017, although for scoring these are necessarily few and far between. We are currently advertising several vacancies for league scorers for the upcoming season, and if you feel able to fill a post, please do get in touch.

Nearly 100 people attended an Introduction to Scoring course in the 2017 training season, and I am hopeful that more will attend in 2018. We have already run 4 courses in this training period, with another 2 organised. No Club Scorer courses were run in 2017, but I am hopeful that a course will run in early April this year.

I wish to record my thanks to my training team, for their enduring hard work. Particular thanks to John Smith and John Moulton as they step back from the tutor team this year. I also wish to thank Howard Cohen for his guidance and wisdom over the past 2 years, at the start of my tenure

Thank you for your continuing support, and all the best for the 2017 season,

Martyn Holloway-Neville, CSO
March 2018
